

# MALET LAMBERT SCHOOL

## Key questions for the evening:

How has my child's effort/behaviour been in this subject throughout Year 9?

Would my child's current attainment levels allow them to achieve a high grade in this subject?

How is this subject assessed?

What careers can this subject lead to?

What courses can be pursued at college after choosing this subject?

What can my child do to prepare for this course?

What topics are covered in this subject?

## Y9 Options Evening

### *How can you get the most out of Options Evening?*

The options process is a very important point in a pupil's school career. The subject choices that you make this year will help to determine the further education and career options that become available to you in the future.

During Key Stage 4, you will continue to study core subjects that will be applicable to all career pathways, however, you will now have the opportunity to choose supplementary subjects to compliment your personal preferences.

Please take time to carefully consider the options available and speak to the subject staff throughout the evening.
