Super Tutor Group

Year 7 tutor group HNI have shown themselves to be superstars this school year by winning multiple awards in their very first term as a form.

As a team they won House awards for Best Attendance, Best Punctuality and Best Behaviour.

They were then presented with a coveted Eagle House trophy by Head of House Mr Midgley for Best Overall Form.

Form Tutor Miss Nickolay said, "They have had an incredible start to the year and I am very proud of their efforts.

"They have shown themselves to be the best form out of nine others in Eagle House. I hope they can continue to work together and maintain their lead."

Welcome from our Head of School

Happy New Year to all 'The Voice' readers. I can't believe that as I write, we are in the last week before February half term already. It's been a busy few weeks that have just flown by, it seems.

Year 11 continue to work very hard. After school enrichment sessions are being well attended. We were delighted that of the 135 families surveyed at the recent Year 11 parents' evening, 97% of you felt that your child was making good progress as we work towards the exam period.

Having said that, if there is ever anything you feel that we could do to further enhance your child's progress, then do please contact us.

Year 9 has been going through the guided choices programme. Thank you to all parents and carers for your support with this. I'm sure that many of you are following us on social media so you'll know about news from inside Malet Lambert.

It's been nice to see some of our feeder primary schools coming into school and working with us over the last few weeks. Our recent strategic partnership with ABP (Associated British Ports) is great news and although still in its infancy will bring some great opportunities, so watch this space.

Our sports teams continue to impress with some great results coming out of @MaletLambertPE. A busy second half to this term ahead of us!

Have a great half term.

Patrick Sprakes

Transition Superheroes!

At the end of January, pupils from local primary schools visited our school to take part in transition activities.

Year 5 pupils worked with Engaging Education, a Yorkshire-based educational marketing company, to design a transition superhero who will star in a real comic.

Over the course of a day, they took part in team tasks and created a storyboard detailing what their newly-designed character would get up to.

They got to choose the powers and outfit that their superhero would have, and what adventures they would get up to.

The idea of the superhero is someone who helps people in the setting of Malet Lambert, when faced with a bad guy.

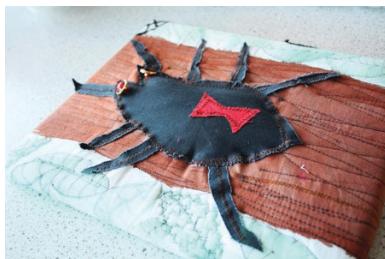

The designs were taken away by Engaging Education and will be made into real comic books, which are distributed to the schools.

The aim of these activities is to introduce Year 5 pupils to our school and help them feel more familiar with new surroundings, ready for choosing their new school in September when they start Year 6.

All pupils and staff involved have had a wonderful time, and are looking forward to seeing their comic when it is created!

Terrific Technology!

Examples of some fantastic work from Year 9 D&T, and Year 10 Textiles.

National Careers Week 2018

National Careers Week 2018 (NCW) is almost upon us, and Malet Lambert has planned a week of engaging activities for all year groups to be involved in.

NCW is a nationwide initiative that celebrates careers education in schools, and focuses on employability, aspirations and entrepreneurship.

Monday will start with inspirational speakers from PUSH, who will be talking to Year 10 and Year 7 about aiming high when they head into the world of work.

Engaging Education will be working with Year 8 on Tuesday, taking part in a design and enterprise activity.

On Wednesday, Innovative Enterprise will be helping Year 7 create and pitch a new product to

market, and try out roles in sales, marketing and finance along the way.

Wyke College will also be in to interview Year 11 pupils about courses they would like to take to help them reach their career goals.

Thursday will see the whole of Year 9 take part in a Young Enterprise workshop which will give pupils the chance to make business and finance decisions as a team to promote a new product of their choice.

Year 10 will take part in mock job interviews with real life employers as part of an activity to improve employability skills.

The week will culminate with a Careers Fair featuring employers and training providers from

the local area. This will be open to Years 9, 10 and 11.

Some pupils will also be attending a Women in Mechanical Engineering (WiME) event at the Guildhall, to encourage more girls to consider a career in engineering.

An exciting week planned!

Sports Round-up

Year 9 boys rugby

Second place in Hull Schools 9-a-side tournament.

Year 7 boys football

Beat Goole High School 4-2 in Humberside Cup.

Year 7 boys rugby

Two teams competed in the Hull Schools 9-a-side tournament and won both the cup competition and the plate.

Year 10/11 boys rugby

Two teams competed in the Hull Schools 9-a-side tournament and came 1st and 2nd in the league.

There are lots of matches being played, both home and away in a variety of sports. Here are just some of the excellent results we have seen from our talented pupils:

U16 girls football

Beat Sirius Academy West on penalties.

U13 boys cricket

Won Hull Schools indoor tournament

Year 7 boys rugby
