

## 'Ull

We live in 'Ull, we are not dull,  
We ride our bikes and trikes.

Our town is full of sportsmen.  
We have three brilliant teams,  
I cannot choose between.

The city of culture was our aim,  
Our pedigree was not in doubt.  
When you see the names below,  
We knew we would win, no doubt.

William Wilberforce, Amy Johnson, Phillip Larkin, Plater, Lipman,  
And many others walked the streets of Hull in times gone by.  
The history speaks for itself.

Hull's musical roots spread far and wide.  
Our bands they span the world.
