FIRST UNIVERSITY LECTURE

Students started the day with their first ever university lecture

Learning about the history of universities, range of courses, and where the student ambassadors originated from

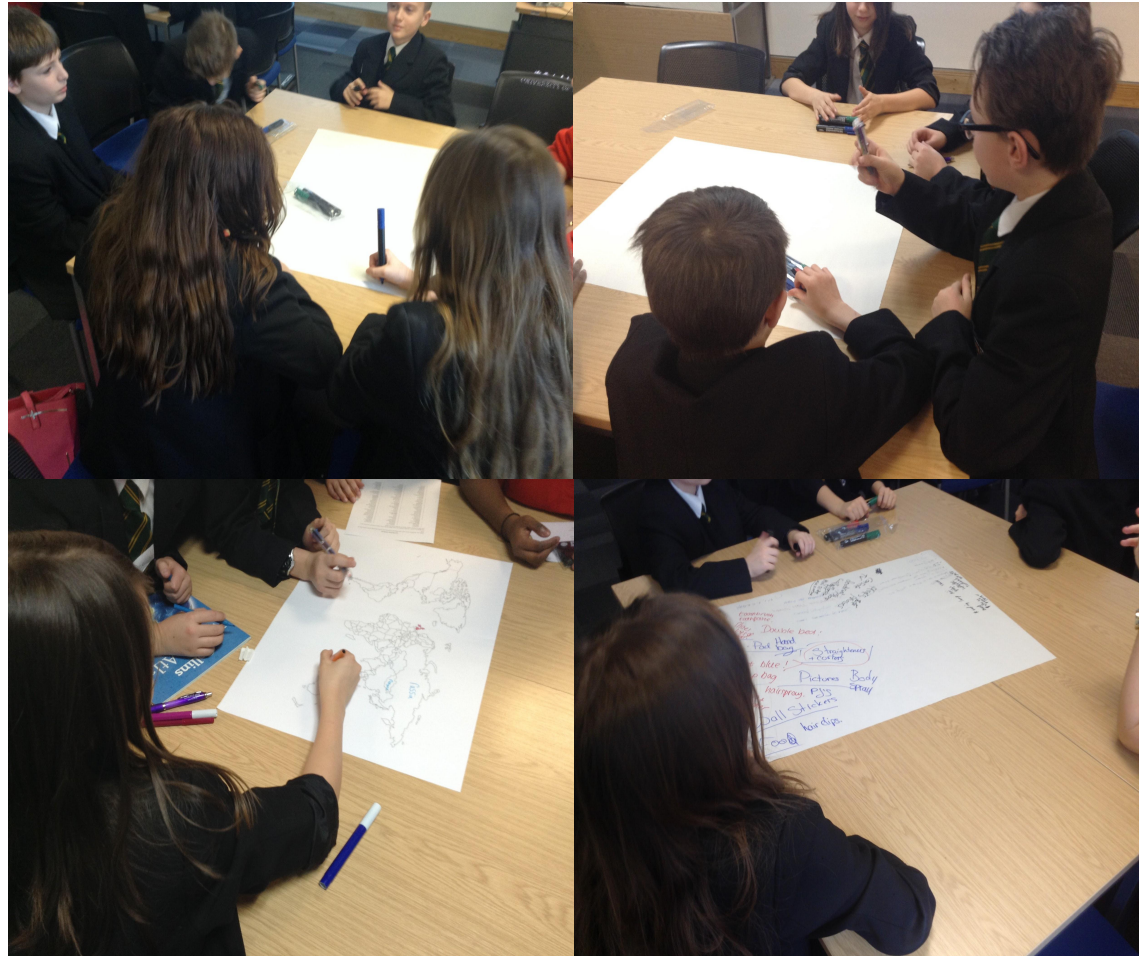

HIGHER EDUCATION ACTIVITIES

Students discussed the main differences between secondary school and university

Students discussed and learned about what it would be like to live at university, including what one essential item would they take to their student house!

Students learned about the diverse range of different students at Hull highlighting their home countries on maps

CAMPUS TOUR

As part of the students morning they were given a tour of the campus, below are a few of our students highlights:

- ★ Student union - Students go to visit the nightclub and the shops
- ★ The Fenner building - Science block. Made the students laugh because it reminded them of Mr Fenna!
- ★ Library - Visited the top floor with views ranging across Hull, from the docks to the Humber Bridge.

EGG DROP CHALLENGE

Students were split into 6 groups to devise a solution for protecting an egg being dropped from a fixed height

Skills and technical knowledge learned included teamwork, forces; gravity, understanding of mass, impact and on the history of Physics by discussing Sir Isaac Newton

ASK A STUDENT

Students were given the opportunity to ask questions to current students at Hull University

Topics covered from, numbers of students, numbers of staff, how to get into University, and do you get detentions at university!

QUESTIONNAIRE

Results and Analysis

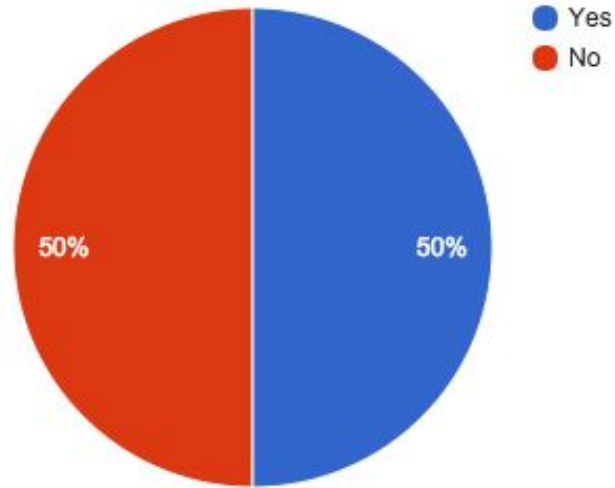

Students were asked to fill in a short questionnaire pre and post trip

The questionnaire was designed to measure the impact of the visit on students knowledge and opinions of university

STUDENT VOICE

WHAT HAVE YOU LEARNED TODAY?

I learnt that in uni it gives you a lot more freedom than in schools, because you can choose what subjects you do rather than being set lots of different subjects

Anthony

At university it is miles different from even college and you can even live there

Ethan

I have learned quite a lot. I have learned about all the types of different courses. I can't believe there's 40,000 different university courses. There's also lots of different students from all over the world

Ellie

You don't get told off for not doing assignments. You just lose marks in that assignment

Heather

HAS TODAY CHANGED YOUR OPINION OF UNIVERSITY?

My brother goes to Hull University and I want to go there now

Charlene

Yes today has changed my opinion of university. I now know what you can do in university. I think I would come to Hull University or another university

Jack

I think today has changed my opinion of university. I feel inspired to go out and get into a university
