19th March 2020

Dear Parents and Carers

Further to the letter I sent you yesterday, as things stand, Malet Lambert will be open to all year groups tomorrow, Friday 20th March, for all pupils who are fit and well and not self-isolating with their families, as per government advice.

We continue to have a number of staff following guidelines for self-isolation, but have once again worked hard today to ensure that all affected classes are covered accordingly tomorrow.

We have spent much of today speaking to and writing to Year 11, who are understandably extremely anxious. Tomorrow, we plan to speak to Year 10 who also have many questions regarding their Key Stage four provision.

We are working intensively, on a comprehensive solution for next week, for pupils that the government has asked to have the option of coming in to school. We will be working on this tonight and throughout the day tomorrow, paying close attention to further government announcements.

We appreciate that you will expect full details ready for next week and so will be in contact again tomorrow.

Thank you for your continued support.

Yours faithfully,

Patrick Sprakes
Headteacher
