

MALET LAMBERT

MALET LAMBERT WEEKLY NEWSLETTER – Friday 2nd July 2021 – Issue 57

Generic Full School Information

Lateral Flow Tests

Pupils who are provided with lateral flow test kits via the school were handed 17 kits to take home on Tuesday. These should cover the next 8 weeks. If your child was absent on Tuesday and did not receive any testing kits, these can still be collected from Mr Logan's Office (Deputy Head), room 1.0.38.

The Waterline Student Challenge

Marketing Humber has recently launched The Waterline Student Challenge, in partnership with SSE Thermal and participating businesses Associated British Ports, KCOM, Orsted, Yorkshire Water and Willerby, as our main form of student engagement for this year's Waterline campaign and summit.

This is a chance for students aged 11-18 to team up and carry out an 'eco project' of their choice, either as part of the curriculum or extra-curricular clubs, or in their own time. Please see attached, which should provide you with further information about the challenge, or you can view the website here:

🔗 <https://thewaterline.global/twsc21>. Six finalist teams will win some fantastic prizes including a behind the scenes day with one of our participating businesses, £500, and an overall winner will win an additional £2,000 for their school/college eco/STEM club.

We are delighted that SSE Thermal, Major Partner of the COP26 UN Climate Change Conference, is our main partner for the Student Challenge. SSE's involvement in COP26, which will be held in Glasgow this November, means we have a unique and exciting opportunity for the winning team/s, along with their ideas and projects, to be recognised not only at this year's Waterline Summit, but at COP26 too.

Applications for the challenge can be **submitted until 30th July** and students can submit their project work at any point **between 16th July and 17th September**, via the above link. Winners will announced in line with this year's Waterline Summit in October. Please see further information in these two attachments:

COVID 19 – Things to Remember

COVID-19 reporting Email Address

To ensure COVID related matters, including positive results, are dealt with as efficiently as possible, please ensure you use the COVID-19 mailbox: 🔗 covid19@maletlambert.hull.sch.uk

Lateral Flow Testing

Please continue with Lateral Flow testing, we recommend Sunday and Wednesday evenings, however please feel free to test in line with your families own testing schedule. Please also continue to register your child's results in these 2 places:
