✉ <https://theeducationalliance.org.uk/wp-content/uploads/Privacy-Notice-Malet-Lambert.pdf>

#### Hot Food

We are pleased to confirm that with effect from next week we will be starting to re-introduce hot food. The full menu will not be available from next week, however we will keep adding to this as and when we can until we can once again offer our full menu.

#### Energy Drinks

As you are aware energy drinks are not suitable for children because of their high levels of caffeine and are clearly labelled to this effect. However, their packaging and marketing seems to make them attractive to young people, despite the detrimental impact they are having on their health. In some cases, just one can could see a child exceeding the daily recommended amount of both caffeine and sugar. Daily consumption of these gives children an increased risk of four health symptoms: headaches, sleeping problems, irritation and tiredness/fatigue and can lead to more serious heart conditions. Many also contain seriously high levels of sugar, which causes weight gain and the erosion of tooth enamel.

There can be negative consequence of these drinks on young people and their behaviour in the classroom, which will ultimately have a bearing on their learning. We would therefore ask all parents and carers to work with us to enforce this ban in school. If a pupil is found to have any energy drinks in their possession, they will be confiscated and thrown away. We are hoping we can count on your support with this.
